

American Lowline Registry  
Board of Directors Meeting  
May 13, 2014

The meeting was called to order by President, Janis Black at 6:05pm Mountain Time. Members present were Mike Hudlow, Wade Coffey, Rick Dodd and Janis Black.

It was decided that the members would read and then cast an email vote on the minutes of the April 22, 2014 and March 13, 2014 meeting in order to have the input of all board members.

There was no Treasurer's report.

Sherry Doubet has sent an email letting us know that she is starting to get information from GeneSeek and is working on getting a list of the animals that have been SNP tested on the website.

The Show Committee has gotten changes on the Get of Sire to Denver, Houston, Kansas City and Louisville, so all shows should be consistent. Janis reported that the National Western will not allow us to change the show dates as far as when we show females and bulls, so in 2015 females will show on Friday and bulls on Saturday.

The Promotion Committee is working on getting a link on the website to go to the video we had made. Information is needed from the developer to continue. We did get a bid from Blue Print. We have some questions about the bid and Janis will contact them to go over them. In the meantime, Wade is going to contact OSU and Mike will contact Arkansas University to see if they have an Ag Communications department that might be interested in publishing the Ledger. We will also see if Sherry Doubet can contact CSU. We discussed the next meet the rancher article and decided we would like it to be about Duff Ranch. Wade will contact Kirk Duff to see if they will agree to the article.

The Regional Committee reported that the Western States region will be sending their remaining funds to the office and have officially disbanded.

The Junior Committee reported that things are going well for Junior Nationals. The entry deadline will be June 1. Wade and Mike plan to attend Junior Nationals.

The International Committee reported that the meeting with Houston to try to get dates for the Bull Battle for 2015, has been moved to June.

The Resolution Committee did take care of an issue regarding embryo's that had been sold but the buyer had been unable to get the embryo records from the seller.

The next meeting will be on June 10, 2014 at 6:00 pm Mountain time.

It was moved by Wade and seconded by Mike that we adjourn. The meeting was adjourned at 7:05 pm Mountain Time.

Respectfully submitted,

Janis Black, President
