2. Questions cover both the beef industry in general and the Aberdeen Breed
3. Each round consists of 15 toss-up questions
4. Any contestant may answer a toss-up question; however, the contestant must first press the buzzer and be recognized by the quizmaster
5. The quizmaster reads a toss-up question until, the question is completed or a contestant buzzes in
6. If a contestant buzzes in during the reading of a question, the quizmaster stops reading immediately, the contestant must begin his/her answer within 5 sec.
  - a. Contestants are warned that toss-up questions may have more than one part, so "buzzing in early" may hurt the teams' score.
7. If the answer given by the first responder is correct, they will gain the points.
8. If the answer given by the first contestant is incorrect, the toss- up question will be repeated for the opposing team.
  - a. An individual on the opposing team must sound his/her buzzer before the individual may answer the question.
  - b. The team is never allowed to confer on a toss-up question.
9. If neither team answers the toss-up question correctly, the quizmaster goes on to the next question
10. In case of a tie there will be 3 toss-up questions given to the round finalists. In this "sudden death" round, whoever answers 2 of the 3 questions correctly will be declared the winner
